# Demo Video for Instructions for New Online Forms

2021-05-07 - Medical Billing Professionals - Comments (0) - General

To assist providers in learning how to use our new online patient form and billing form AND how to search forms previously submitted under the new forms system, we have created a tutorial video.

Click https://youtu.be/jcRUazxsM1A to view the video.  REMEMBER, forms submitted under the old forms system are not currently available in the new forms system (although we are hoping to import them into the new system later in May).

Thanks,

Steve
