Medical Billing Professionals Support Suite

Medisoft Network Again Available

2017-01-30 - Medical Billing Professionals - Comments (0) - General

UPDATE: The Medisoft Network is now available. It may be necessary for us to reboot the servers during some maintenance/repairs today but as of now providers may connect to the network. Thank you for your understanding.

The Medisoft Network is unavailable due to a system issue. We are awaiting a call from Quest vWorkspace (supposedly within the hour) for assistance in resolving the issue. We will post an update in the News section of the Support Suite when the issue has been resolved.

Thanks,

Steve
