## Medisoft Network Down Time

2024-12-23 - Medical Billing Professionals - Comments (0) - General

### **Medisoft Network Down Time**

The Medisoft Network will be unavailable beginning at 9:30 AM on Tuesday, December 24, 2024. We expect the network to be down for approximately one-two hours as we continue with the network improvement.

Once the network is again available we will post notice in the News section of the Support Suite.

Thanks and Happy Holidays,  
Steve
