New BillFlash Collection Service

Over the years providers have always asked if we offer a collection service to help collect balances patients owe. Now we are happy to announce that such a service is available via BillFlash.

For providers who are enrolled for the BillFlash Patient Statements you can easily add on BillFlash Collection Service. All you would have to do is log in to your account and select which patients you would want enrolled for the Collection Service (you can choose all patients or only certain patients or you can choose patients by past-due range).

IF YOU WANT TO SCHEDULE A PRESSURE-FREE DEMO WITH OUR BILLFLASH REP, GIVE ME A CALL!

If you are not currently sending out patient statements each month, YOU MUST DO SO in order to avoid possible financial problems with payers. You should definitely consider BillFlash Patient Statements AND then for your "problem" patients BillFlash Collection Service.

Remember if you are not doing anything now for your patient statements, you must change how you are running your practice. So let's schedule a pressure-free demo with our BillFlash Rep. Just give me a call so we can schedule a time!

Thanks,

Steve
