Payment Manager Is Currently Not Available

2018-04-23 - Medical Billing Professionals - Comments (0) - General

Payment Manager is currently not available. If you attempt to log in, you will receive an error that says you have not purchased anything.

Change Healthcare is aware of the issue and they are working on it now. I am not sure if the issue will be resolved today or tomorrow or later this week but once resolved we will place an update notification in the News section of the Support Suite.

Thanks for your understanding.

Steve
