Tricare West and Electronic Funds Transfer

Are you a Tricare West provider? If so, did you know with Triwest taking over on January 1st that you must re-enroll for EFT? Until you re-enroll Tricare West will send you paper checks.

And if you are a Tricare West provider but not enrolled for EFT, the question is...why not? All providers should enroll for EFT.

You can enroll yourself for EFT with Tricare West OR remember that we do offer an EFT Enrollment Service. **If you want us to enroll (or re-enroll) you for EFT with the new Tricare West, simply complete the easy form at http://www.mbpros.com/eft** ($59.95 fee applies).

Thanks,
Steve
