## Work on Friday, July 3rd

2026-07-01 - Medical Billing Professionals - [Comments \(0\)](#) - [General](#)

### Work on Friday, July 3rd

This Friday, July 3rd all billing will be sent as usual.

HOWEVER, almost all insurance payers are closed that day for the holiday weekend. Because of that NO insurance verifications will be done that day and no follow up will be done. Thus there may be delays with responses to support tickets.

For any verifications submitted Thursday, July 2nd, they will be completed by Monday, July 6th.

For any verification requests submitted Friday, July 3rd, they will be completed by Tuesday, July 7th at the latest.

I wish everyone a Happy and Safe 4th of July weekend.

Thanks,  
Steve
